Distribution/Major Course	
Take General Curriculum and Foundations of Reading MTELS: All MTELS must be passed before the Practicum and Seminar may be taken!	

Spring Semester

EDC G 498 (12 credits)**	Practicum and Seminar: Elementary Education
Distribution/Major Course**	

Notes

*Only needed in this semester if student has not taken it or has not transferred it into UMB from another accredited institution. May also be taken during Summer sessions. If this requirement is completed, students should take a Distribution or Major course in its place.

**Students may choose to move the Practicum to the Fall semester if they need more time to complete major/minor or Distribution coursework. However, due to the hiring process in public schools, a Spring Practicum and May graduation is highly recommended.

** Students should plan to complete ALL major/minor/distribution requirements prior to Student Teaching. However, should a student need to complete a course to graduate, he/she can take one during the Practicum semester.

Undergraduate Program Planning Sheet: Middle/Secondary Ed
