ACADEMIC ADVISING AND DECLARING YOUR BUSINESS MAJOR

As an undeclared business student, you are advised in the Academic and Career Engagement and Success Center (ACES).

Once you declare a major you will have an assigned College of Management Academic Advisor who is well connected with faculty, CM Career Services, college-based resources, and special opportunities that can enhance your experience. They will help you stay on track as you navigate academic requirements and identify areas where they may overlap, while also meeting your personal and academic goals.

Due to the sequential nature of many of our majors, we strongly encourage you to declare a business major within your first or second semester – and remember, you can change again or add another business major at any time.
