2024

THURSDAY, MAY 23, 2024
UNIVERSITY OF MASSACHUSETTS BOSTON
CAMPUS CENTER LAWN

The University Mace

Symbols of authority and power, maces were originally hand weapons for use against armor. Traditionally carried in processions at formal academic events, they evoke the history and ideals of the institutions they represent. The staff of the University of Massachusetts Boston mace is fluted mahogany; its foot is brass. At its top, in a mahogany surround on a blue granite base, stands a bronze disk bearing the campus seal, consisting of a lighthouse radiating beams of light, with ocean waves below, with the statement "to preserve and extend knowledge." Reflecting the incorporation of Boston State College into the university in 1982, the bronze sides of the seal's base bear the names and dates of that college and its five predecessor institutions, the first of which was founded in 1852.

Academic Costume and Regalia

The academic regalia worn by faculty and students at this ceremony represent traditions that come down from the Middle Ages, when European universities were institutions of the church. At that time, robes were a common form of dress, particularly for officials of church and state. The cut of the robe, its adornment, and the colors used comprised a specialized heraldry that conveyed the rank and station of the wearer. At the universities, both faculty and students were considered to be part of the church hierarchy and were expected to wear the prescribed gowns. As society moved toward more modern forms of dress, only royalty, clergy, judges, and academics retained the traditional regalia, reserving it only for ceremonial use.

Modern academic regalia retain some of the symbols of the earlier forms of ceremonial dress. The gown tends to be fullest, longest, and heaviest for the doctoral degree. The sleeves for the bachelor's and master's gowns are typically open at the wrist. Cuffs are more common on the doctoral gown, and its sleeves are adorned by three velvet strips, symbolic of the degree. The mantle worn about the shoulders, called the hood, is the remnant of functional headgear worn for warmth in the unheated classrooms of medieval universities.

The usual color for academic gowns in the United States is black. However, many universities in this country and many others throughout the world have adopted more colorful robes. In general, this practice has been limited to schools more than one hundred years old. Among the schools represented by colorful robes at commencement ceremonies are Boston College, Boston University, Brown, Columbia, Cornell, Dartmouth, Duke, Harvard, New York, Oxford, Princeton, Rutgers, Stanford, Tufts, and Yale Universities, and the Universities of California, Kansas, and Rhode Island.

Honorary Degrees

For centuries, universities have awarded honorary degrees as a way of recognizing extraordinary achievement and affirming institutional values. Our own university's policy is typical: the recipients of honorary degrees "shall be persons of great accomplishment and high ethical standards who exemplify the ideals of the University of Massachusetts"; recipients may not, however, hold federal or state elective office in Massachusetts.

Please Note:

This program is for ceremonial purposes. The official list of graduates is maintained by the university registrar.

Chancellor's Medal

**Lieutenant Governor
Kim Driscoll**
*Chancellor's Medal for
Distinguished Service*

Kim Driscoll is the 73rd lieutenant governor of Massachusetts. She was sworn in on January 5, 2023, alongside Maura Healey, the first woman and first openly LGBTQ person elected governor of Massachusetts. She and Governor Healey are the first all-woman executive office team in the history of the commonwealth.

The Healey-Driscoll administration has already launched a groundbreaking new program on college accessibility, MassReconnect, which offers eligible residents the opportunity to attend community college for free. Their administration has also made climate resilience a priority, establishing the state's first Office of Climate Innovation and Resilience, among other initiatives.

Previously, Driscoll was the first woman ever elected mayor of Salem, Massachusetts. Taking office at a time when the community was struggling with record deficits and a declining bond rating, she turned deficits into surpluses and strengthened city services. In her time as mayor, Driscoll revitalized Salem's downtown, improved city schools, reformed city pensions and health insurance programs, and brought transparency to city government.

Working with state officials and local partners, Driscoll secured public and private investments for a new MBTA station, a state courts complex, a senior center, and a ferry and waterfront port. She also positioned Salem as the primary marshaling port for the forthcoming Commonwealth Wind project that will serve residents across Massachusetts and New England.

Prior to her election as mayor of Salem, Driscoll served as community development director for the City of Beverly, chief legal counsel and deputy city manager for the City of Chelsea, and as a Salem City Council member.

Driscoll holds a BA from Salem State University and a JD from the Massachusetts School of Law.

For her ongoing commitment to serving the people of Massachusetts and creating a forward-looking, inclusive commonwealth, the University of Massachusetts Boston is proud to present Lieutenant Governor Kim Driscoll with the Chancellor's Medal for Distinguished Service.

Honorary Degree Recipient

**Judge Roberto
Andrés Gallardo**

*Doctor of
Humane Letters*

The Honorable Roberto Andrés Gallardo, an Argentinian judge and renowned champion of social justice, has long been an advocate for those less fortunate. Judge Gallardo has held numerous high-level judicial posts in his home city of Buenos Aires and has written several books on the topics of human rights and global justice. Judge Gallardo's commitment to social justice led His Holiness Pope Francis to appoint Gallardo in 2023 to serve a five-year term as president of the Pan-American Committee of Judges for Social Rights and Franciscan Doctrine, an international public association of the faithful whose global mission is to educate and advocate for respect for human rights – especially of Indigenous and poor people – in courts throughout the Americas.

Judge Gallardo earned his law degree from the University of Buenos Aires in 1989. He then completed his master's degree in state law in 1998 from the Office of the Attorney General of the National Treasury (Ministry of Justice) and was honored with the Ramón Ferreyra award for his academic performance.

Presently a judge of first instance in administrative litigation in Buenos Aires, Judge Gallardo previously served as the city's acting deputy general defender. He is also a professor of state theory and an interim professor of elements of law at the University of Buenos Aires. Earlier in his career, he worked as a solo practitioner and also served as an attorney for several unions and cooperatives.

Judge Gallardo is the author of many legal articles and multiple books, including *Francisco vs. Moloch – Ideas para una revolución ecosocial* (2018) (Francisco vs. Moloch – Ideas for an Eco-Social Revolution), *El Paco* (2016) (The Paco), and *Dos Lecturas Para las Nuevas Teorías del Estado* (2015) (Two Readings for the New Theories of the State).

The Pan-American Committee of Judges for Social Rights and Franciscan Doctrine, which Judge Gallardo has served as president since 2023 when His Holiness Pope Francis appointed him to the position, consists of 120 magistrates who advocate for respect for human rights in courts throughout the Americas. The committee currently has established chapters in Argentina, Chile, Colombia, Peru, Brazil, Mexico, the United States, and Paraguay, and is expanding throughout the rest of the American continent. Among other topics, the committee has examined creating legislation to protect against social injustice and establishing support mechanisms for judges facing undue political pressures.

In recognition of his unwavering commitment to social justice, the University of Massachusetts Boston is proud to bestow upon Judge Roberto Andrés Gallardo the honorary doctorate of humane letters.

The Alma Mater

To UMass Boston

We beheld, UMass Boston, a torch in your hand,
Saw a crown on your brow, heard your voice of command
That we follow the lead of your bold guiding light
Toward knowledge and wisdom and fervor for right...
Toward knowledge and wisdom and fervor for right.

How that glow has burned bright through the passage of years
As our dreams dispelled doubts and our hopes assuaged fears,
As our eyes watched that gleam with conviction and trust,
And we learned to place faith in the good and the just...
And we learned to place faith in the good and the just.

May that torch never dim as life beckons us forth—
May it shine like a jewel of fathomless worth.
Like tall ships setting sail may we steer evermore
To that beacon of beauty and truth on the shore...
To that beacon of beauty and truth on the shore.

The music for the alma mater was composed in 2016 by Professor of Music David Patterson of the Performing Arts Department. The musical setting has the flavor of a 19th century anthem as heard through modern ears. The lyrics were adapted from those of a State Teachers College at Boston class song by a committee of the university's Faculty Council. In both music and text, "To UMass Boston" evokes images of an ongoing, uplifting pursuit of knowledge and truth.
